- 1.2 This Scheme seeks to amalgamate and consolidate the business of Bill Forge Private Limited ("Transferor Company") with that of Mahindra CIE Automotive Limited ("Transferee Company") which is a wholly owned subsidiary of the Transferee Company. The Board of Directors of the Transferor Company and the Transferee Company (together referred to as the "Amalgamating Companies") have resolved that the merger by way of absorption of the Transferor Company into the Transferee Company would be in the interests of all the stakeholders of the Amalgamating Companies, as it would result in increased operational efficiencies, bring economies of scale and result in synergetic integration of businesses presently being carried on by the Amalgamating Companies.
- 1.3 This Scheme also provides for various other matters consequential or otherwise integrally connected herewith.

The equity shares of the Transferee Company are listed on the BSE and the NSE.

The Transferor Company is a wholly owned subsidiary of the Transferee Company.

### 3. RATIONALE FOR THE SCHEME

In October 2016, the Transferee Company completed strategic acquisition of the entire shares of the Transferor Company. The acquisition was intended to significantly

strengthen the Transferee Company's market position and capability of delivering innovative solutions in the market. The acquisition was made of the Transferor Company for its tangible and valuable intangible assets.

This scheme of merger by absorption is expected to enable better realisation of potential of the businesses of the companies and yield beneficial results and enhanced value creation for the Companies, their respective shareholders, customers, creditors and employees.

The rationale for the proposed Scheme is set out below:

- a. Both the entities are engaged into similar line of business and as a result the merger would lead to better leveraging of manufacturing facility (including facility of the Transferee Company's Pune plant) and marketing facilities and will bring both the entities under one roof to portray one face to all the customers.

Further, the combined entity will have a bigger portfolio of products targeted at a wider array of customers, which will strengthen its competitive position in the market. This will also enable the Transferee Company to offer newer products to its customers.

- b. Consolidation of the business and simplification of the group structure.
- c. Merger will provide the Transferee Company access to the Transferor Company's additional forging technology in the form of cold forgings and warm forging;
- d. The Transferee Company will offer a strong financial structure to all stakeholders including the creditors of the Transferor Company. The merger will help the combined entity to get better credit facilities/terms from the debt market and banks.
- e. Unfettered access to cash flow generated by the combined businesses which can be deployed more efficiently to fund organic and inorganic growth opportunities and to maximize shareholders value; It strengthens the dividend paying abilities of the Transferee company.
- f. Administrative and operational rationalization, organizational efficiencies, reduction in overheads and other expenses and optimal utilization of various resources. It will prevent leakage of cost incurred on transfer of goods between both the entities.
- g. Reduction in compliances and statutory filings with various government departments;
- h. Merger will reduce managerial overlaps involved in running multiple entities. This will enable management efforts being more concentrated towards growth of the combined business;
- i. Enhances the Company's ability to fund future acquisition from internal accruals;
- j. It will improve and consolidate internal controls and enable functional integration at various level of the organization such as information technology, human resources, finance, secretarial, legal and general management leading to an efficient organization capable of responding swiftly to volatile and rapidly changing market scenarios; and

- k. The Scheme does not affect the rights and interests of the shareholders or the creditors of the Transferee/ Transferor Company. The shareholding and other rights of the members of the Transferee Company will remain unaffected as no new shares are proposed to be issued by the Transferee Company and there is no change in the capital structure. Further, the creditors of the Transferee Company/ Transferor Company will not be affected by the Scheme since the combined assets of the Transferee Company are more than its combined liabilities.

In view of the above, the Board of Directors of the Transferor Company as well as Board of Directors of the Transferee Company have considered and proposed the merger of the Transferor Company with the Transferee Company in order to benefit the stakeholders of both the Companies. Accordingly, the Board of Directors of the Transferor Company and the Transferee Company have formulated this Scheme of Merger by Absorption pursuant to the provisions of Sections 230 to 232 or other applicable provisions of the Companies Act, 2013 as may be applicable and rules framed thereunder.
